

Corey Loftus

Front-end Developer

(443) 812.8440 · coreyloftus@gmail.com · New York, NY · coreyloftus.com · in/corey-loftus · github.com/coreyloftus

Versatile Front-end Developer proficient in Next.js, React, and the MERN stack (MongoDB, Express.js, React.js, Node.js), with additional expertise in Python, Django, and PostgreSQL. Leveraging experience as a start-up founder, I combine technical prowess with business acumen to identify and solve complex problems efficiently. Proven track record of delivering functional, visually appealing products on time. Adept at thriving in dynamic environments, I bring strong teamwork skills and a supportive attitude. Seeking a long-term role where I can apply my diverse skill set to drive innovation and make lasting contributions to a forward-thinking company.

SKILLS

Languages - TypeScript, JavaScript, HTML/CSS, Python, SQL, Mongo, JSON | **Database** - MongoDB, PostgreSQL, GCP

Libraries and Frameworks - Next.js, React, Express.js, Django, MUI, Semantic UI, TailwindCSS, Bulma, Flask

Other - RESTful Routing, JSON api, Tray.io

Interpersonal Skills - Student mindset, highly collaborative, strong written and verbal communicator, empathy for all

PROFESSIONAL EXPERIENCE

Support Engineer - SyncSmart | [Lynton](#) | New York, NY (remote) **05/2023 - present**

- Created a **Dashboard landing page** for the customer facing **Next.js** portal to display salient data at a glance.
- Developed a full-stack solution to display service uptime and alerts for the Customer Dashboard.
- Main line for customer support for all 6 company IaaS products, from simple investigation to hot fixes to new features.
- **Refactored front-end** of company's consumer portal on **Next.js** to match style guide and use **MUI** components.
- Experience accessing and **mapping data** between **APIs**: Stripe, Slack, Twilio, HubSpot, Wix.

Sr. Manager of Community Sourcing and Development - Alfred | New York, NY **05/2021 - 06/2022**

- Developed and implemented a company process for sourcing, hiring, and on-boarding a large volume of contractors for events.
- Supervised 100+ contractors in nine US cities, maintaining a 90% service quality rating with customers.
- Coordinated with the Sales Team to anticipate hiring needs based on pipeline contract proposals.

Chief of People, Programming, and Philosophy / Co-Founder - HOM | New York, NY **04/2014 - 05/2021**

- Grew to \$3M annual recurring revenue with 2 co-founders; lead development of Product, People, training, and culture.
- Achieved profitability, acquired by Alfred (helloalfred.com) in May 2021.
- Operated digital and in-person events + fitness services for real estate management companies at 200 buildings in NYC.

SOFTWARE DEVELOPMENT PROJECTS

CSS Clips ([repo](#) | [deploy](#)) | *a full-stack Django app to discover + create simple, vanilla HTML/CSS animations* **02/2023**

- Front end rendered using **Django** Templates and, styled with **Bulma** CSS.
- **Python** API back end, with full CRUD functionality to a **SQL** database on **Heroku**.
- Multiple related models (Clips, Users, Tags) interact and render conditionally.
- Implemented User Authentication through Django's built-in system.

Brewery Buddy ([front-end](#)) | *a front-end app to search for breweries around the US using the Open Brewery API* **12/2022**

- Utilized **React.js**, **React-Leaflet**, **CSS**, **Javascript**, **HTML/CSS**, and **OpenStreetMap** to create a fully functional app that displays API data in an easy to read way.
- Collaborated with a fellow engineer over a 1 week sprint. Lead development of site architecture, site design, utilization of React-Leaflet and OpenStreetMap, and site styling.
- Engaged in daily stand-ups, worked on separate tickets, co-coding on blockers, and team-style git management using **GitHub**.
